

SCANDAL PROBE WILL BE DEEP

Every Suspicious Game Played
Within Last 18 Months to
Be Investigated

SWANN OFFERS AID

New York District Attorney Ready
to Act If Plot Was Hatched
in Metropolis

Chicago, Sept. 30.—A declaration that the investigation of the 1919 world series baseball scandal would be continued by a special grand jury, was made in a statement issued today by Chief Justice Charles A. McDonald, who ordered the original inquiry.

Every suspicious game, he declared, that has been played within the last 18 months in either National or American league will come within the purview of the investigation.

The investigation, which has resulted in the voting of true bill against eight White Sox players, including Chick Gandill, who was not with the team this year, the judge declared, still has much to accomplish.

Probe Every Suspicious Game

"To this end," he added, "the present grand jury will be incorporated as a special body Saturday and will go around until it has sifted down the evidence to the last incriminating fact. Every suspicious game which has been played within the last 18 months in either league, will be within the purview of the investigation. Because of the statute of limitations, that is as far back as the jury can go.

"There need be no doubt about the prosecution of guilty players and their co-conspirators. None of those who have confessed have been granted immunity. In fact, each has specifically waived it. Of course, it will be natural for the court prosecution to take into consideration services which the indicted men have performed for the state, but that does not mean they will escape indictment."

August Herrmann, president of the Cardinals Reds, last year's pennant winner and former chairman of the National Baseball commission, who was asked by the grand jury to present whatever documents he might have bearing on the 1919 series, and Clyde Elliott, motion picture man who aided Charles Comiskey, president of the Chicago White Sox, in his investigation of the series, are to be the next witnesses before the grand jury. It was said tonight. It was also stated that efforts would be made to obtain statements from two additional White Sox players who have been suspended, as to their part in throwing games.

Rewards for the Faithful

Players who remained loyal to President Comiskey of the White Sox, last year, may receive their reward this year, according to statistics computed tonight. Attention was called to the comparatively small number of eligible players remaining on the White Sox club. The problem, a mathematical one, has several possibilities. If the White Sox win the pennant, even though defeated in the world series, the loser's share is divided among the original White Sox players the same as that of their opponents.

The rule giving second and third place clubs in the league a share in the world series receipts makes it possible for the Chicago club, if it finishes in second place and divides the money for each player to receive almost as much as the individuals on the losing club in the baseball classic. Another possible division would arise in the event the White Sox tie the New York Yankees for second place by losing all three games to St. Louis, thereby getting one-half of the total second and third place money.

Swann Offers Assistance

New York, Sept. 30.—On the eve of the investigation to be conducted by District Attorney Lewis of Kings county concerning rumors that the coming world series had been fixed, District Attorney Swann tonight sent a letter to State's Attorney Horne of Chicago, offering his assistance to prosecute those indicted for the alleged scandal connected with the 1919 series. Mr. Swann's offer was made contingent upon Mr. Horne's finding that some part of the alleged felony was committed in New York county.

"The Chicago authorities seem to have well in hand the case of the crooks who are willing to debate the great national sport of baseball for their own sordid ends," said Mr. Swann's letter. "The crooked gamblers, who aided and abetted, procured and advised the throwing of the games, seem to have planned the schemes in part in New York and consummated them in your city."

Impossible," Says Chick

Houston, Texas, Sept. 30.—"It is impossible for me to believe that Joe Jackson and Williams have said what the newspapers credit them with saying," said "Chick" Gandill today in a statement issued at the hospital in Lufkin, Texas, where he is recovering from an operation for appendicitis.

Newsboys Condemn Players

Boston, Sept. 30.—Newsboys of

GOVERNOR SMITH OPENS CAMPAIGN

Stands "Fairly, Squarely and Absolutely" on San Francisco Platform, He Says

Cohoes, Sept. 30.—"I stand fairly, squarely and absolutely on the platform adopted by the supreme council of Democrats at San Francisco," declared Governor Alfred E. Smith in opening his campaign for reelection in this city tonight.

"This platform," he continued, "is a human document alongside the dollar mark platform of the Republicans. Governor Cox is a candidate on my platform, a personal friend, and a man for whom I shall work and talk with all the energy I command from now on until election day. This is my answer to Judge Miller, candidate of the special interests, who asks me through the public press where I stand on the national platform."

Governor Smith accused his Republican opponent of devoting his time to national issues and congressional appropriations and forgetting "the fact that he is a candidate for governor, and not President of the United States."

The governor charged Judge Miller had so far failed to explain the action of the Republican legislature in defeating the minimum wage bill for women and children and passing the daylight saving repeal bill with a "joker by which it was planned to appease both city and country people."

The speaker pledged himself as being in favor of the full development of the natural resources of the state, contending that one-half the consumption of coal could be saved by the proper utilization of water power.

"Judge Miller, please cut short the bunk and come down to earth. Tell the people facts in connection with the gubernatorial campaign, and not what Washington officials should do," declared Governor Smith several times during the course of his speech.

Charging that in 1919 Judge Miller consented to serve as the member of an executive committee formed to favor a state budget system but had now slipped back and felt that the matter of state budgets could be handled by cooperation, Governor Smith declared, "if Judge Miller says he can get rid of 187 boards and commissions in New York state, he is either insincere or knows nothing about state affairs."

The governor closed his address with an appeal for Cohoes citizens to support the Democratic ticket "from Cox and Roosevelt down to the last man on the county ticket."

Despite a heavy rain, the large hall where the governor spoke was crowded.

To Tour Westchester County

New York, Sept. 30.—Governor Smith will leave Albany tomorrow morning and will spend a part of the day in an automobile speaking tour of Westchester county, it was announced today at Democratic state committee headquarters. The governor will leave the train at Harmon and will deliver short addresses in ten or 12 places in the county. He will stay at his home here tomorrow night and will take part in the laying of the cornerstone of the new wing at Sing Sing prison. He is scheduled to speak at a meeting in Cardigan hall Saturday night.

SERIES BETWEEN GIANTS AND YANKEES IS DOOMED

New York, Sept. 30.—Possibility of a post-season series of games between the New York Giants and New York Yankees was eliminated upon the arrival here today of Charles A. Stoneham, president of the Giants, from Cuba. Admitting that such a series would be a great attraction, Mr. Stoneham based his objection on the ground that people would say the games were played for mercenary reasons; that they might affect the attendance at the world series in Brooklyn; and that the games would necessitate keeping the players of both teams together for too long a period after the close of the season.

CUT SUGAR TO 12 CENTS

New York, Sept. 30.—The sugar market weakened again today, and prices declined to new low ground for this year for both raw and refined.

The Federal Sugar Refining company reduced its prices half a cent to the basis of 12 cents a pound for fine granulated.

"murderous blow at the kids' game." They were as quick, however, to recognize the men who stood by the best principles of the sport, and the formal resolution which they adopted commended Ray Schalk and "Little Dick" Kerr "for their manly stand against the Benedict Arnolds of baseball."

New York, Sept. 30.—Ten gamblers made at least \$250,000 as a result of bribing members of the Chicago American baseball team in the 1919 world series, said a statement made here today by Abe Atell, former featherweight champion, whose name had frequently been mentioned in connection with the Chicago investigation.

"There is a master mind who evolved and operated the entire scheme," said Atell. "Of course he was assisted by several others. His name and their names I know but I do not

DEATH TOLL OF WALL STREET BLAST NOW 38

New York, Sept. 30.—The death toll from the Wall street explosion on September 15 was increased to 38 tonight, when Alfred G. Phipps, 28, a broker of New York city, died in New York hospital. Death resulted from burns, internal injuries and fractures of both legs.

TODAY IS UNHAPPY FOR N. Y. RENTERS

Estimate 75,000 Families Will Attempt to Move, With Only 2,000 Vans Available

New York, Sept. 30.—Municipal officials tonight united in efforts to bring order out of the confusion which resulted today from the efforts of thousands of families to retain their homes against eviction orders, effective tomorrow — moving day — or to find means of moving to new quarters.

Hundreds of tenants today swarmed to the offices of the mayor's committee on rent profiteering with appeals for aid in retaining their homes or preventing rent increases. Arthur J. W. Hilly, chairman of the committee, tonight issued a statement urging these tenants to cooperate and consider the merits of their own cases, to prevent the New York courts from becoming hopelessly clogged with tenant-landlord cases during the next few weeks.

Aaron J. Levy, chief justice of the municipal court, announced that telegrams had been sent to the chief clerks of courts in the various districts, directing that no warrants of eviction be issued in any landlord and tenant proceedings commenced before September 28. This means, Justice Levy said, that no tenant can be evicted except those subject to eviction under the new housing laws passed at the special session of the state legislature. Announcement also was made that a mass meeting of citizens will be held tomorrow at the state legislature. Announcement also was made that a mass meeting of citizens will be held tomorrow night in Carnegie hall to consider the housing situation. Governor Smith and United States Senator William M. Calder will speak.

It was estimated today that 75,000 families would attempt to move tomorrow with hardly more than 2,000 moving vans available. Many of the tenants plan to go to quarters, which were scheduled to become vacant October 1, were occupied today by other families unable to find new quarters.

Commissioner of Accounts Hirschfeld, after an investigation of conditions, declared moving van rates are prohibitive and will prevent many from moving.

COAST SWEEP BY GALES

Tropical Disturbance First Noted in Gulf Travels Northwest to Jersey Shores

Washington, Sept. 29.—The tropical disturbance first noted by the weather bureau as centering in the Gulf of Mexico, was reported tonight as having traveled northward, with chief disturbances off the New Jersey coast.

The gales circling it, the bureau said, extended along the entire Atlantic coast from New England to Cuba, while winds continued high in the gulf. The lowest barometric pressure reported tonight was at Atlantic City. Weather conditions along the track of the disturbance were unusual. The bureau reported that the temperature in a number of the gulf states this morning was lower than recorded in any previous September. There were frosts as far south as Oklahoma in the plains states.

Topeka, Kan., Sept. 29.—Temperatures were below freezing in all parts of the state last night with the exception of eastern and southern counties. The low mark was at Hays—24 degrees — where ice an inch thick formed. The frost killed all corn except that on the uplands but the bulk of the crop was safely matured.

\$2,000,000 FIRE SWEEPS GALVESTON WATER FRONT

Galveston, Texas, Sept. 30.—Fire which swept a portion of the water front here early today, caused property damage amounting, according to revised estimates tonight, to between \$1,250,000 and \$2,000,000.

Whether the figures reach the latter mark, it was said, depends on how much, if any, of the wheat aboard the Italian steamship Aetna can be salvaged. Her bulkheads, it was hoped by her agents, may have saved a portion of the cargo from the water, which was pumped into her holds. At noon, the Aetna got up steam and an effort was made to salvage some of the grain.

According to owners and underwriters, over 100 individuals and firms suffered loss as a result of the blaze.

FOOTBALL PLAYER KILLED

Philadelphia, Sept. 30.—Melvin Keppler, 17 years old, captain of the Lockhaven High school football team, died today in the university hospital from a broken neck suffered during

COX APPEALS TO EX-SERVICE MEN

Gives Ten Reasons Why They Should Support Democratic National Ticket

U. S. HONOR AT STAKE

League of Nations Is Candidate's Chief Appeal, Saying Soldiers Fought For It

New York, Sept. 30.—Ten reasons why former service men should support the Democratic national ticket, prepared by Governor Cox, were made public here tonight by the Democratic National committee.

The ten arguments were included by the Democratic Presidential candidate in the following letter to the Argonne Post Weekly, of Des Moines, Ia.:

"There are no ten reasons, nor indeed any other number of reasons, why a former service man should be either a hide-bound Republican or Democratic partisan. I cannot refrain from uttering my sentiments on this point before proceeding.

"Uncompromising partisanship would dry up the well springs of that healthy public sentiment which has made America. It would make men slaves to those who formulate the party policy and would forever stagnate the intellectual development of our people.

Democrats Have Broad Principles

"I believe in political parties and I have affiliated myself with the Democratic party because I have agreed with its tenets as to government. I shall, therefore, with your pardon, given you the ten reasons why an ex-service man should support the Democratic candidates.

"Because they have constantly taught the broadest principles of progressive development, conforming to the spirit of the century for independent political judgment.

"Because its candidates have never said, and never believed, that sentiment recently uttered by Senator Harding when he said too much is heard of independence in politics.

"Because in this year the Democratic party represents the honor of the country, because it believes in keeping faith with the living and faith with the dead, faith with our allies and faith with our foes.

"Because the Democratic party stands for a League of Nations, the existing league to end war, to compose differences by adjustment of wrongs through the processes of world opinion.

"Because it would have America assume its rightful place at the head of the nations of the world, unafraid to take its place as a leader.

League the Only Help

"Because only through the League of Nations can order be brought to the world, and because the failure of the League will cause us to revert to international anarchy, huge competitive armaments, which are the inevitable breeders of war.

"He gave his own reasons, and let me add, Wilson isn't running for President this year; Cox is running for President."

When applause from his Newton audience subsided, the governor added that he intended no disrespect "to the man who will take his place in history with Thomas Jefferson and Abraham Lincoln."

Russia, the candidate declared, should be admitted to the League of Nations as soon as its requirements could be met. Asked regarding the League's attitude toward Russia, if this nation was a member, the governor replied:

"The League would be compelled to keep hands off Russia and permit the Russian people to work out their own salvation. And Russia will."

Germany, Turkey, and all other non-member nations, the speaker added, should be invited in when possible.

"Because the Democratic candidates despise to appeal to racial bigotry.

"Because the Republican party's leaders have unblushingly appealed to the disloyalists of the United States and are unashamed to hold their power in the United States state by reason of the vote of a man found guilty of violating the law in obtaining his seat in that body. Senator Truman H. Newberry of Michigan.

"Because the Democratic administration wrote into the laws of the country the Federal Reserve act, the Farm Loan act, and other pieces of legislation that enabled it to muster the resources of the country at a critical time, so that all Americans, regardless of party, might win the greatest of all wars for humanity and for high principles.

"Because notwithstanding that many conditions are not ideal, America is at this hour the safest place in which to live, the most desirable, and the best from every standpoint, and because it will come through progressive evolution of a still higher plane of development despite the attempts of reactionaries like Senator Harding to stop it."

Cox Winds Up Campaign in Kansas With Nine Addresses

Wichita, Kan., Sept. 30.—Domestic and international subjects were

ROOSTER SAVES COX TRAIN FROM DANGER

Wichita, Kan., Sept. 30.—A runaway rooster and Cox took tonight's train from danger, officials of the Democratic Presidential candidate's party declared, from danger of another wreck.

Soon after the governor's arrival here, a runaway rooster was found perched on the trucks under the candidate's private car, the Federal. Capture of the rooster, railroad employees said, led to discovery that flanges of the car wheels were worn out and in imminent danger of breaking and ditching the car. The rooster was secured and new wheels placed on the governor's car.

LEGION ACTS TO OUST L. F. POST

Assistant Secretary of Labor Is Accused of Obstructing Alien Deportation Law

Cleveland, O., Sept. 29.—Dismissal from office of Louis F. Post, assistant secretary of labor, for obstructing the enforcement of the alien deportation law, was recommended in a resolution adopted by the new national executive committee of the American legion, held here today. The committee was elected at yesterday's closing session of the second annual convention of the legion.

The resolution follows:

"Whereas, from the report of our special investigating committee we are convinced that Louis F. Post, assistant secretary of labor, has been guilty of obstructing the enforcement of the alien deportation laws and that his continuance in office constitutes a serious menace to public security.

"Be it resolved that we adopt and approve the report of the investigating committee and that the national commander be directed to take all steps necessary to secure the dismissal of the said Louis F. Post at the earliest possible moment."

The investigating committee's report was signed by M. K. Gordon of Kentucky, chairman; Wilbur C. Hall, Virginia, and Crampton Harris, Alabama. Virtually all who spoke in favor of the adoption of the report and resolution stated that while they were Democrats they were better Americans.

It was explained that this was not a commission of the legion to politics, but it was an outspoken utterance on a fundamental principle of Americanism and that if they, as Democrats, should remain silent it would appear as if they had something to cover up.

AGENTS SEIZE LIQUOR SOLD AS A BEVERAGE

Perth Amboy, N. J., Sept. 30.—Harry F. Sands, federal prohibition supervisor, announced tonight that seizure of more than \$100,000 worth of liquor from a warehouse here last night was the forerunner of similar raids on warehouses suspected of releasing for illegal sale liquor stored for medicinal or sacramental purposes.

Nine hundred and sixty-two cases and 118 barrels of liquor were confiscated last night on information given by nine Italians arrested in Philadelphia last Monday, after a truckload of liquor from this city, alleged to have been intended for sale for beverage purposes, was seized. The total value of the liquor seized here and in Philadelphia is \$152,150, federal agents said.

THOMPSON TO CAMPAIGN

Lockport, Sept. 30.—Senator George F. Thompson of Niagara county, prohibition candidate for governor, announced at his home in Middleport tonight that he would open his active campaign October 4. Party headquarters will be maintained in New York.

J. Frank Smith of Lockport will be chairman and treasurer of the senator's campaign committee, and Herbert J. Carpenter of Brooklyn will be vice chairman and secretary.

meetings of the Democratic presidential candidate's state campaign were held here tonight.

Besides the League, the governor gave his views on the Mexican question and amplified his discussion of prohibition. Many of the candidates' remarks were inspired at what he termed "town meetings." Informal colloquies with his audience in which he invited questioning, in response to a question on Mexico, the governor referred to the statements of Senator Harding regarding protecting American citizens and interests, and added:

"It's nothing to talk about protecting American citizens, no matter where they might be, but when an adventurer goes into a hornet's nest and knows where he's going, the United States ought not to send a brigade of soldiers with him."

Governor Cox was quizzed regarding prohibition at Hutchinson and Newton, and, again characterizing Senator Harding as a "brewer," declared that the senator had, upon Senate prohibition measures, voted wet 31 times and dry two times. The governor added that under similar circumstance he could have duplicated the senator's dry vote. A man asked

H. C. L. IS TAKING TUMBLE, U. S. SAYS

Price Cutting in Wholesale Trade Soon Will Result in Reductions to Consumers

Washington, Sept. 30.—Price cutting has taken hold of the wholesale trade to an extent that is on most felt substantially in lower prices to consumers, according to the Federal Reserve board's monthly business review, made public tonight.

Relief of the wave of price reduction and its spread to many retail lines, was attributed to "a more exacting demand by the buying public as to price and quality." Retail purchasers are showing continued determination to await a move by dealers to meet those demands, while foregoing luxuries and semi-luxuries, reports to the board asset.

Although the board believes the buying public is largely dominating the market now, it is said that labor and production were having a marked effect on prices. There was much evidence, it said, of increased efficiency on the part of labor and as a result production was on the increase and factory operations beginning to approach normal.

Summed up, the board's findings were that "business conditions now are definitely on the road toward stability of as great and confirmed a nature as the disturbed position of the world at large permits."

"Continuance of the process of readjustment in business and industry has been an outstanding feature of the last month," the review said. "This has been accomplished by price reductions and the resumption of work in branches of industry where hesitation as to future outlooks has led to suspicion.

"After an apparent slowing down in the price reduction movement during mid-summer, it has again reappeared, and the month of September showed cuts in well-known makes of automobiles, various classes of textiles, shoes and leathers, and other wholesale prices. Reductions have occurred in a variety of staples, including wheat. Changes in prices have tended to make business men and bankers cautious about future commitments."

RESENTS ATTACK ON LEAGUE OF NATIONS

Democratic Woman Leader Denounces Mrs. Livermore's Interpretation of Article 23

New York, Sept. 30.—Mrs. George Bass, chairman of the Woman's bureau of the Democratic National committee, in a statement issued at headquarters today, asserted that Mrs. Arthur L. Livermore, chairman of the Republican Women's state executive committee, had deliberately and willfully perverted the English language in her attack at Somerville, N. J., last night upon the League of Nations and its provision in relation to traffic in women and children.

"The League of Nations," she said, "has taken cognizance of all conditions affecting women and children as well as opium and other dangerous drugs and will remedy them.

"To indicate otherwise is an insult to the statesmanship and moral character of the premiers of the great powers and the intelligence of the women voters of the United States."

An advisory committee today was appointed by Mrs. Livermore to assist her organization, it was reported at Republican national headquarters.

Raymond B. Fosdick, former under-secretary of the League of Nations, in a statement here tonight, denied that Article 23 of the League covenant was an attempt to "legalize the traffic in women and girls." Mr. Fosdick said that for eight months he had charge of this particular activity of the league, and the work "was aimed at the ultimate suppression of the traffic in women and girls."

Article 23 was placed in the covenant, he declared, at the solicitation of the American Social Hygiene association, the International League for the Abolition of the White Slave Traffic, and similar organizations.

WONT PROSECUTE AGITATORS

New York, Sept. 30.—No official action will be taken against agitators who interfered with last night's meeting of delegates to the centenary celebration of the landing of the Pilgrims, Alton B. Parker announced tonight.

Mr. Parker who presided at the session, which was invaded by members of the American Woman Pickets for the Enforcement of America's War Aims, said the disturbance was not of a nature to demand prosecution of the offenders.

PONZI ACTED ALONE

Boston, Sept. 30.—Testifying today before Referee Olmstead in bankruptcy, Charles Ponzi for the first time in answer to a direct question, declared he had no partners and that he acted alone in his financial scheme.

SAYS COUNTRY NEEDS HARDING

Roosevelt's Widow Appeals to "Manhood and Womanhood of America" to Elect Him

PROGRESSIVES AID

Are Strongly Supporting Republican Cause; Hoover and Taft Also to Help

New York, Sept. 30.—Mrs. Edith Kermit Roosevelt, widow of former President Theodore Roosevelt, tonight appealed to the "manhood and womanhood of America" to elect Senator Harding and Governor Coolidge, Republican presidential and vice presidential candidates. In a statement at Sagamore Hill, Oyster Bay, and given out by the Republican national committee, Mrs. Roosevelt said:

"The country's vital need is the election of the Republican candidates, Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanism in the next administration be attained if the people shall declare for the party which holds to nationalism as its high ideal. It is not necessary to forget our duty to our neighbor in doing our duty at home.

"The time appeals most strongly to the manhood and womanhood of America, to woman more than ever before, because to her has come the perfected opportunity to make her influence weighty in behalf of the nation.

"This year, as never before, the world conditions as they are, steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and then by strong endeavor do all that can be done for the peace and general welfare of all lands."

Harding Satisfied With Support

Marion, Sept. 30.—Taking note of Democratic charges that progressivism and the League of Nations have created friction among Republican leaders, Senator Harding said tonight that he was satisfied of the support of a united party on both issues.

He characterized as "absolutely untrue" published reports that Senator Johnson and Borah, of the treaty-reconcilables, had informed him they soon would withdraw from the campaign, and at the same time he announced that former President Taft and Herbert Hoover, two leading Republican advocates of ratification soon would be taking an active part in the fight for election of the Republican ticket.

Commenting on the appeals of Governor Cox for progressive support, the Republican nominee declared he had information convincing him that "the rank and file of the supporters of Roosevelt are putting their full faith in our cause." He made public with his endorsement a telegram to the governor from Charles Sumner Bird of Massachusetts, a former leader of the Roosevelt Progressive party, declaring that known progressive sentiment was "a complete refutation" of Democratic claims.

Discussing informally the League issue, Senator Harding said he never had given privately in letter or otherwise, to any Republican leader any statement of his position on the League which had not been contained also in his public utterances. His stand, he said, was known in every detail to the public and was commanding the united support of Republicans.

Asked specifically about the report of a joint letter from Senators Johnson and Borah, refusing to take further part in his campaign, the nominee replied, "There is no such letter, the story is absolutely untrue."

"Have you had any recent communication with Mr. Taft on that subject?" he was asked.

"I have had no direct communication with Mr. Taft, but I have heard from those close to him, and I understand he will be in the campaign, working heartily for the election of a Republican president by the middle of October. So will Herbert Hoover."

The telegram to Governor Cox from Mr. Bird, who was a Democrat before he went to the Progressive party, said: "In your acrobatic campaign to attract votes, you endeavor to convey the impression that the Progressive voters of the late Theodore Roosevelt have been ignored and outwaded by Senator Harding, who, as you express it, seeks advice from only a certain type of men, namely stand-patters and reactionaries. The opposition to you of such progressives as Johnson, Poincaré, Beveridge, James R. Garfield, McCormick, Baldwin, Robbins, and in fact, by practically all of the Progressive leaders who stood back of Colonel Roosevelt in 1912 and 1916, is a complete refutation of this off-rear, misleading and tricky statement of yours."

"I resent with intense indignation your desperate effort to capitalize this honored name for the purpose of promoting your political aspirations and for the purpose of perpetuating the power of the Democratic party, which he, above all men, distrusted and excoriated."

Results of Yesterday's Games

RAIN HALTS LEAGUE RACE

All Games Scheduled for Yesterday Postponed—To Resume American League Today.

New York, Sept. 30.—The scheduled games of the National and American leagues today were postponed on account of rain. The clubs will resume play tomorrow with the American league race still undecided, while the remaining contests in the National league will be merely a formality of playing out the scheduled, the Brooklyn team having clinched the pennant Tuesday.

Cleveland, with four games to play, leads Chicago in the American league by one and one-half games, and in order to capture the pennant must win three of the four games provided the White Sox win their three remaining games. If Cleveland breaks even in the four games and the White Sox win their three, the two teams would finish their schedules on even terms, while the White Sox would win the pennant if they defeat St. Louis three straight and Cleveland drops three of the four games with Detroit.

Another possibility of the race is

that of the Chicago club dropping to a tie with the New York Yankees for second place, which would result of the White Sox lose all three games with St. Louis.

WEAKENED BY OPERATION, THIS WOMAN GOT BACK HER STRENGTH BY TAKING GOLDINE REMEDIES

Heart trouble and all its attendant ailments are causes of alarm and worry to people of all ages. Mrs. Minnie Ellis of 175 Cortez avenue, Binghamton, N. Y., was afflicted with a particularly bad case of this dread disease.

As she states: "I was for over a year much troubled with neuritis, and suffered greatly with shooting pains around my heart and through my shoulders. My aching muscles would keep me awake nights until I was haggard and worn for want of sleep. Constipation and much gas, and bloating contributed toward my distress and my hands and feet were badly affected. My ankles swelled so that walking was misery and I could not get my shoes on. My condition was

Mrs. Minnie Ellis

weakened by an operation that I had undergone. You wonder how I am today. Do I look as though I was much of a sick woman?

The writer had to admit that Mrs. Ellis was looking well for one who had been through all she had.

"I certainly have benefited greatly from Goldine," Mrs. Ellis went on. "I have no longer any headaches, the pains from neuritis have left me and I am thankful to say that my ankles do not swell at all since taking Goldine. Your medicine certainly has been a boon to me."

Mary Everts highly praises Goldine.

Goldine is sold by Slade's Drug store.

THE THINKER

The famous statue by Rodin has been presented to the city of San Francisco by Mr. and Mrs. Adolph B. Spreckels. It will be placed in front of the Palace of the Legion of Honor, California's memorial to her sons who lost their lives in the world war.

GIRL SAVES PREACHER'S LIFE

University Student Sucks Blood From His Leg After Attack of Rattlesnake.

Chicago.—Miss Frances B. Holstein, a student at the University of Illinois, earned her scholarship and a Carnegie medal by methods quite out of the ordinary. She saved the life of Rev. Benjamin W. Soper, pastor of a small church in Florida, by quick thought and action after he had been bitten in the ankle by a large rattlesnake, one of the lazy, highly venomous type so frequently met with in Florida.

Miss Holstein was one of a party which included Rev. Mr. Soper, Bishop Cameron Mann of the Episcopal diocese of Florida, and others who were enjoying a picnic near Coconut Grove. Rev. Mr. Soper was bringing a pail of water from an adjacent spring when he was struck by the rattlesnake. Bishop Mann immediately killed the snake, but Miss Holstein gave her attention to the wounded man, whose ankle was swelling enormously.

Movie Lessons: \$8 Apiece.

New York.—"Maybe I'm no Mary Pickford, but I have the makings of a great moving picture actress," said a scrubwoman to one of the district attorney's staff, investigating the so-called "moving picture schools." This investigation has disclosed that persons from scrubwomen to mothers of large families have enrolled in these schools at \$8 a lesson.

MARKET TRAVERSES FAMILIAR GROUND

Further Downward Price Revision Noted in Several Important Lines of Trade

New York, Sept. 30.—In its essential characteristics, today's stock market traversed the ground made familiar by contrary movements of the last fortnight. Industrials extended their losses, while rails and utilities were relatively strong.

Further downward price revision and curtailment of operations were noted in several of the important lines of trade, especially the automobile industry, and advances from steel centers strengthened the impression of impending price concessions by independent manufacturers.

Selling agents of the leading copper companies were reported to be offering the refined product at a fraction under recent prices, and other base metals, notably lead and spelter, were quotably lower. Equipment shares eased with steels.

The only noteworthy stock market feature was an early drive against steel in Crucible Steel, which carried that stock up eight and one-fourth points to 135, the net gain, however, being only one and three-fourths points. Other issues of the same class were lower by fractions to almost two points at the irregular close.

Rails made their highest quotations in the last hour on a brisk inquiry for seasoned issues of the Pacific and Granger divisions at net advances of one to about two points, while secondary rails also hardened moderately and specialties sustained additional losses. Sales amounted to \$25,000 shares.

Call money opened at seven percent, rose to eight in the early afternoon, and closed at nine, the maximum rate of the past few weeks. Time money was scarce, convertible railway bonds were active and strong, Liberty Irregular. Old United States bonds were unchanged on call.

New York Produce.

Butter — Steady; receipts, 7,728 tubs; creamery, higher than extras, 60 1/2 @ 61; extra (92 score), 60; first, (88 to 91 score), 51 1/2 @ 52; state, dairy, finest tubs, 58 @ 59; do, good to prime, 53 @ 57; packing stock, current make, No. 1, 40.

AMERICAN HEROES RETURN.

New York, Sept. 29.—Nearly 500 American soldiers returned today from duty in the Rhineland aboard the army transport Antigone. Several hundred bodies of American service men who died in France also were brought back on the ship.

Canada's Soldier Police.

The Canadian Northwest mounted police is one of the most noted organizations of the character in the world because of the efficiency of its service, which was established nearly 50 years ago. Recently the headquarters of the organization have been changed to Ottawa and the size of the organization enlarged and the territory covered by the scarlet-coated officials has been greatly increased.

Bargain — Elcar touring car, five new tires, fine condition, total mileage 2,300. Bargain for quick sale. Kelly's garage, Otego.

Young man desires room and board with private family. Address C-117, care Star.

Dining room girl wanted at once at the Pioneer lunch.

RED CROSS ACTIVE IN DISASTER RELIEF

When disaster hits a community—fire, flood, earthquake, explosion, had work or tornado—the American Red Cross can be depended upon to follow right at its heels with help for the stricken people. Red Cross relief is almost immediately forthcoming—food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar trouble elsewhere.

During the last year, ending June 30, there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Texas, and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana and Illinois.

In these events of horror 850 persons were killed, 1,500 were injured, 13,000 were made homeless, about 30,000 families needed help, the property loss was nearly \$100,000,000 and almost \$1,000,000 in relief funds, not including emergency supplies was expended.

To the sufferers from all disasters during the year, the American Red Cross sent \$120,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food canteens and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief service.

If disaster ever strikes this town or county, the citizens can be absolutely sure the Red Cross will be right on hand to help them in every way.

TO REPEL BANDITS

Iowa Authorities Have Formed Shotgun Brigades of Citizens.

Shotgun brigades of citizens and officers of the peace are being organized in Iowa in an effort to stop and apprehend thieves, particularly bank robbers. The initiative in organizing the posses has been taken by state attorneys, according to Sheriff Frank Kennedy.

It is planned that when a robbery is reported notice be sent throughout the county in which it occurred and counties nearby, and the "shotgun" men called together to patrol all highways.

Twin Pastors Puzzle.

Greensburg, Ind.—For the good of the church, Rev. Ovis Martin and Rev. Otis Martin, twins, hereafter will preach in different conferences. Because their congregations were unable to tell them apart, they have been separated by order of the presiding bishop of the M. E. church.

Why Nurses Wear Blue.

Blue is worn by nurses because blue is a "healing" color.

Cure for Seasickness.

Stuffing the ears with light gauze is a new cure for seasickness.

Slenderizing the Full Figure

If you are of heavy or medium build you will find that

Rengo Belt Reducing Corsets

will give you comfort and a trim graceful figure.

Of special appeal to the large woman is the strong belt webbing over the abdomen and the reinforced back and hip lines. Rengo Corsets "grow old gracefully." Youth, beauty and charm are coming half way to meet you. The Rengo is scientifically made for full figured women.

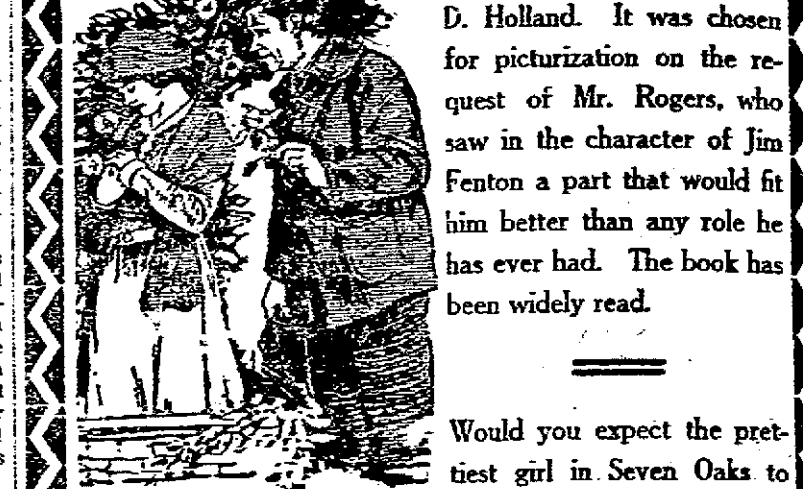

Rengo Corsets are economical, all priced from \$3 to \$10

"Jes' Call Me Jim." was adapted from the famous novel "Seven Oaks," by J. D. Holland. It was chosen for picturization on the request of Mr. Rogers, who saw in the character of Jim Fenton a part that would fit him better than any role he has ever had. The book has been widely read.

Would you expect the prettiest girl in Seven Oaks to fall in love with the homeliest man? Not likely.

But if that man was Will Rogers — what then? Of course that's different. It all happens in a different kind of a picture that you can't afford to miss.

ROUND ABOUT PORTLANDVILLE.

Neighborhood Residents of Village Revisit Early Scenes.

Mr. and Mrs. Claude Weidman of Morrisville, N. J., are visiting their parents, Mr. and Mrs. L. L. Leggett, and are calling on other friends here. Mr. Weidman left this place 25 years ago, and there are but few remaining whom he knew at that time, but all who knew him as a boy of 14 years are glad to meet him again and know that he has made good in Morrisville, where he has made good in Morrisville, where he has made good in Morrisville, where he has made good in Morrisville.

Portlandville Pointers.

The Ladies Aid Sewing circle held their September meeting today with Mrs. Fred Brush. — Mrs. R. B. Palmer and daughter, Frances, were guests at the home of Mr. and Mrs. Abbott.

WILL ROGERS in 'Yes Call Me Jim' AT THE THEATRE TODAY

Porter Saturday and Sunday. — Mr. and Mrs. Charles Tripp, Claude Tripp, and Mrs. Allison were in Mt. Vision Monday moving the remaining portion of the household goods of Mrs. Lucy Price to the home of her sister, with Mr. and Mrs. C. Tripp. — G. L. Packer and family returned Tuesday night from Katoona with their household goods and are busy settling their home in the Wellman house, recently purchased with the store and stock. This place has been conducted for 28 years by W. L. Wellman. — John Silver has been ill the past few days at the home of his granddaughter, Mrs. Robert Brown. He is reported as somewhat improved today. — Mrs. Seth Martindale and son, Stewart, Mrs. Charles Marudale and Mrs. Laura Green were callers at F. DeLong's Tuesday. — Many friends here are saddened to hear of the death of Robert Cross, for many years a resident of this community. He was at work in the mill of Fayette DeLong on Friday, going to his home at Milford in the afternoon, where he suffered a shock on Saturday, from which he did not rally, dying on Sunday. — Loyal Gibson and Mr. Burnett of Herkimer are installing an electric pump on the W. N. Chase property, now occupied by Dr. Sulez. — Mrs. D. W. Whitney is in Oneonta assisting Mrs. J. Vandewerke for a few days. — Harold Squires of Scranton, Pa., is visiting his parents, Merritt S. Squires and wife, and sister, Mrs. T. Bishop.

MILFORD FARMERS ACT.

Dairymen Vote to Pool Milk Under New Plan of League.

Milford, Sept. 30. — At a well attended meeting of the Milford branch of the Dairymen's league, held at Firemen's hall last evening, the members present, with one exception only, vot-

ed to pool their interests in the marketing of their milk through the cooperative plan of the Dairymen's league. A speaker for the league was present from Hartwick and explained the league plan. The contract enables the farmer to sell the milk at whatever market the best price can be obtained, or make it up into butter, cheese, condensed milk or other products as the situation might warrant, the interests of all the dairymen being pooled in such a manner that each would receive the same for his milk, regardless of where or for what purpose or for what price the milk was. The situation is very much unsettled and the farmers here are awaiting instructions from the league as to what is to be done with their milk tomorrow.

Catch Large Eel.

Amos H. Sweet caught an eel at Goewey's pond yesterday that was a little over four feet in length and weighed 7 1/2 pounds. It is the largest one of its kind ever caught in this vicinity.

Attend Otsego Presbytery.

Rev. H. B. Erkman, pastor of the Presbyterian church, and William C. Dunham were at Guilford the first of the week as delegates to the meeting of the Otsego Presbytery. At this meeting, the Rev. J. W. Bump of this village was installed as pastor of the Guilford Center Congregational church.

DELAWARE COUNTY NEWS

HOBART BUSINESS MAN WEDS.

Lewis R. White Married to Miss Sarah Rowe of Albion.

Hobart, Sept. 30. — Lewis R. White of Hobart and Miss Sarah L. Rowe of Albion were united in marriage at the home of Mr. White at 11 o'clock this Thursday morning. The ceremony was performed by Rev. Devello S. Haines, pastor of the Presbyterian church, and the couple were attended by Miss Helen White, sister of the groom, and Basil Rowe of Sidney, brother of the bride. The other present were Mr. and Mrs. Edmund C. Rowe, parents of the bride, and Mrs. John L. White, and Harry White, mother and brother of the groom. After the ceremony, the wedding breakfast was served at the New Hobart hotel, and then the couple left by auto, for a short wedding trip, after which they will reside in this place, where Mr. White conducts his furniture and undertaking business. This community unites in extending heartfelt congratulations and best wishes to the happy couple.

Sunday at the Churches

The regular communion service will be held Sunday morning in the Presbyterian church, Sunday school at 11:45; Christian Endeavor at 7:15, topic, "Our Church Privileges and Obligations." Mrs. W. E. King leader. Union service at 8 o'clock, subject of sermon, "Hindrances to Christian Development." Preparatory service will be held in

and the East Guilford Presbyterian church.

Has Tonsils Removed.

Ora Couse, son of Lyman Couse, was operated on at Thanksgiving hospital, Cooperstown, Wednesday, for diseased tonsils. Dr. L. W. Green of Milford performed the operation, which was very successful.

Boys Residence at Worcester.

William Dyer, who has made his home in this village the past year, purchased last week of Mrs. Charles Etienne his residence at Worcester and will soon move to that village to reside.

COOPERSTOWN JUNCTION.

Cooperstown Junction, Sept. 30. — Miss Mary Perry of Central Bridge is visiting Mrs. Linda Barns this week. — E. C. Smith has sold his 20-acre farm here to parties from Poughkeepsie. — Mrs. M. Shepley of Oneonta visited her sister here last Thursday. — S. C. Tate has erected a new silo on his farm here. — Mrs. White, sister of Mr. R. Muddell, was a recent visitor here. — Walter Pomeroy and James Barnes, who have been employed on the Dayton lumber job here, have returned to their homes at Naples. — Mr. and Mrs. John Hillinger of Worcester were visitors at Frank Hillinger's last Sunday. — Ambrose Bissell was in Oneonta on business errands Wednesday.

the Presbyterian church Saturday afternoon at 3 o'clock.

In St. Peter's Episcopal church, Holy Communion at 10:30 Sunday morning. Church school at 11:15. Even song and address at 7:30.

Morning worship at 10:30 in the Methodist Episcopal church, subject of sermon, "What of the Night?" Sunday school at 11:45. Epworth league at 7:15, topic, "Making Prohibition Effective." C. W. Ives leader. Union service at 8 o'clock in the Presbyterian church.

Real Estate Transfer.

Bruce Raedler of Grand Forge has purchased the William Sethman farm just below this village. The sale includes the farm and all personal property; possession given Oct. 1. Mr. and Mrs. Sethman will occupy the John Gregory property for this winter at least. Mr. and Mrs. Gregory will spend the winter in California, where their son, Leslie, resides.

What Happens in Hobart.

Mr. and Mrs. Charles Church of Hobart are the guests of Mr. and Mrs. McClelland. — Mrs. Daymon, who has lived in Florida for several years, has moved to her home on Pearl street. This is her old home and Hobart friends will give her a warm welcome. — Mr. and Mrs. M. K. Mayes went to Kingston this morning where they will spend a week's vacation with relatives. — Mr. and Mrs. Nell Cornell and family are moving from Buffalo to New Orleans, La. Mrs. Cornell and four children are guests of her parents, Mr. and Mrs. John Peters.

AT SIDNEY CENTER.

Farewell for Mr. McKeever — Farms Favor Pooling Milk.

Sidney Center, Sept. 30. — A farewell reception in honor of C. W. McKeever was given in the Baptist church last Monday evening by the ladies of the church. A fine musical program was given, followed by refreshments of cake and coffee. Mr. McKeever has been assisting as soloist and chorus leader in the evangelistic meetings which closed last Sunday evening and which have resulted in several conversions. Mr. McKeever left Tuesday morning for his home in Pavilion.

Farmers for Pooling Plan.

The local branch of the Dairymen's league held a meeting in Odd Fellows' hall last Monday evening with about 89 present. R. H. Hewitt of Walton, assistant Farm Bureau manager, was the speaker, and ably explained the pooling system, which was the topic under consideration. About 90 per cent of the members signed the contracts, and no doubt the others will do so eventually.

News Notes.

Mrs. Kate E. Rowley, a representative of the Anti-Saloon league, will speak in the Baptist church next Sunday morning. The regular monthly union service will be held in the evening with Rev. Henry Lumb as the speaker. — Maywood grange will meet next Tuesday evening. Among questions for discussion are: "Will It Pay to Raise the Calf?" and "How to Save Steps in Preparing Meals." — The funeral of Mrs. George Underwood was held Wednesday afternoon at her home on Lawton hill. Rev. A. H. Landmesser of Coventry officiating. Burial was given at Franklin.

MATTERS IN MERIDALE.

Meridale, Sept. 30. — Mrs. R. J. Lockhart is visiting relatives at Maran. — Henry Kimball and wife have returned to their home in Bridgeport, Conn. The former's father, Lemuel Kimball, accompanied them. — "Duck" Brown and wife have moved into the house recently vacated by Mr. Rice. Mr. Brown is the new blacksmith for the Meridale farms. — A. O. Borton has sold his wagon shop to F. W. Ayer. — Sias Evans of Davenport Center was in town several days recently assisting A. O. Borton in repairing the water wheel in the saw mill. — F. W. Ayer entertained the workmen of his farms here Saturday evening at dinner. A very enjoyable evening was passed. — F. J. Strickland and wife visited relatives at Mt. Vision the past week.

It now transpires that when the governor of North Carolina said "It's a long time between drinks" he was referring to Kipnocks Highgrade coffee. 6t

OH! MY BACK!

How My Back Aches!

After influenza or colds the kidneys and bladder are often affected.

This is the red-flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful new discovery of Dr. Pierce's known as "Anuric" (anti-uric), because "Anuric" expels the uric acid poison from the body and cures those pains, such as backache, rheumatism in muscles and joints.

Naturally the blood is filled with poisonous waste matter, which settles in the feet and ankles. Dr. Pierce's Anuric is many times more potent than lithia and often eliminates uric acid as hot water melts sugar. All druggists.

Rochester, N. Y. — "Last fall I had the influenza and my kidneys became congested and swollen. My back hurt me so I would have to walk all bent over. I also had bladder weakness. I took Dr. Pierce's Anuric and it so completely cured me that I have not had any return of this condition since. I consider 'Anuric' the best kidney, bladder and backache medicine I have ever taken."

MRS. MARIE STEWART,
152 Caledonia Ave.

ESTATES OF THE DEAD.

Record of Week's Business in Delaware County Surrogate's Court.

Letters of guardianship of Harry Howard of Delhi, an infant, issued to S. Forman Adee.

Letters of guardianship of Archie S. Holmes of Colchester, a minor, issued to John D. Holmes.

Estate of William C. Chisholm, late of Delhi, decree entered discharging the administrator.

Estate of Frank G. Matteson, late of Masonville, will admitted to probate and letters testamentary issued to Julia M. Matteson. Estimate, \$2,000 real and \$2,000 personal, all of which is willed to the wife.

Estate of Frank W. Udell, late of Walton, will admitted to probate and letters testamentary issued to Marian Udell. Estimate, \$2,900 personal and \$3,000 real. To the wife is willed the use of estate; at her death Harold Goldsmith and Ralph Goldsmith are each to receive 25%; residuum goes to the daughter.

Estate of Joseph Northrup, late of Colchester, decree entered and distribution ordered.

HOLIDAYS OF OCTOBER.

October, which arrived last midnight, is no great month for holidays, albeit there is one which in 32 states of the union is duly observed. That is Columbus day, and it occurs on Tuesday, October 12. It is a date which by pupils of the schools is more remembered perhaps because it is a holiday than from anything learned in history; still the historical fact doubtless is pretty firmly fixed in the youthful mind by the holiday feature. This is doubtless true of other days historically memorable. How many, for example, would remember the birthday of Lincoln or Washington or the date of the signing of the Declaration of Independence, if there were not a holiday tagged to it?

Columbus day, which by the way has observance in pretty much every Central and South American republic as well as in the United States, is not the only holiday of the month, even if the most important. Today is celebrated in Missouri as Missouri day—the date of the admission of the state into the union. October 14 is Alabama day and the 25th is Fraternal day in that state. The 15th is Farmers' day in Florida and the 31st is Admission day in Nevada.

From these state holiday dates it would appear that as yet New York has by no means exhausted the list of possible days of rest, recreation or celebration. It might very well in these days of harvest, if any farmer had time, celebrate Farmers' day just as labor day is observed in September. And the early history of the state affords many opportunities in the course of the year, such as Settlement day of the first colonists on Manhattan; Saratoga day, commemorating the surrender of Burgoyne's army, which was perhaps the second most important victory of the Revolution; Canal day, for observance of the first commercial link between New York and Buffalo; and School day for memory of Feb. 11, 1812, when a committee of five of which Jedediah Peck of Otsego was chairman, presented to the legislature a draft of the first public school law of the state. These dates are mentioned, not at all by way of suggestion, but rather as indicating that one really anxious for multiplication of holidays might find argument for them with no great difficulty.

HIS SIX TESTS.

It is the opinion of Dr. Nicholas Murray Butler that there are six tests which distinguish an educated from an uneducated man. They are correctness and precision in the use of the mother tongue, refined and gentle manners which are the expression of fixed habits of thought and conduct, found standards of thinking and appreciation, power of reflection, power of growth and the ability to do efficiently without nervous agitation.

This is the opinion of a college man, and to him an educated man doubtless means one who has been trained by college standards. This, however, is not the absolute test of an educated man as many would apply it. The first two so-called tests are perhaps more clearly the marks of the college man, but sound standards of feeling and appreciation are perhaps as often inherent as cultivated; the power of growth is by no means limited by caste or class, and the ability to do without nervous agitation belongs to a certain type of temperament, and may be in the man of letters, though not always, or anywhere along the line to the laborer who does his work well and without unnecessary mental effort.

However, perhaps the idea of Dr. Butler is that these six attributes in a single combination are characteristic of the educated man more commonly than of anybody else. In this he may be correct, but possibly there are some who will accept his dictum with reservations.

PRAISE FROM SIR HUBERT.

What State Library Experts Say About Oneonta Institution.

The latest issue of "New York Libraries," a quarterly journal devoted to the interests of such institutions throughout the state, has the following regarding the latest meeting of the district library association in Oneonta. It will no doubt be read with interest:

"At Oneonta a unique success was achieved, the representation of small libraries bring about double that of any previous year and the program and discussion being of such sustained interest that the meeting was brought to an end only by the schedules of late departing trains. The development of such a meeting and such a professional interest in this district which for years has been so backward in the matter of library fellowship and cooperation, is a distinct professional triumph for Mrs. Blackall, the head of the public library, who since assuming her present position, has made it one of her chief ambitions to bring the librarians of this district together for mutual help and stimulus."

Any Country School District. Reading, spelling, geography, 'Rithmetic an' 'riting! After school dig 'aters—Gee! Autumn is excitin'! — [Exchange]

BLAMES SENATOR JONES.

Organization Failed to Rally to Candidate Who Favored Their Measures.

The American Issue, the organ of the Anti-Saloon league, blames Senator Samuel A. Jones for the defeat of their pet candidate, former Mayor Frank H. Truitt of Binghamton, and the consequent election of John Davenport Clarke of Delhi. Oneonta's candidate, Senator Jones has heretofore been in excellent standing with the Anti-Saloon league and frequently sponsored their measures while serving in the senate at Albany. If there was any one candidate to whom the Anti-Saloon league was under obligations it was Senator Jones.

But listen to this "speel" taken from the September 25th issue of "The American Issue, and then form your own opinions:

"In the many congressional contests only one resulted in any impairment of the prohibition line-up and that was by the refusal of former State Senator Samuel A. Jones to retire from the three-cornered race in the thirty-fourth district, where he and former Mayor Truitt of Binghamton, both drys, were running against John D. Clarke, who refused to make any statement other than what the brewers themselves could have endorsed. Senator Jones was asked to withdraw but insisted on staying in the race. He did not come near the nomination himself, but he did bring about the defeat of Mr. Truitt. The margin by which Mr. Clarke won out was only 310. The incident is so illuminating and offers so complete a basis for announcing a definite league policy for such cases that it will have special treatment later. We hardly see how Mr. Clarke can actually cast any wet vote in congress when the overwhelming dry character of his district is considered, but the fact remains, that he has been nominated, without having made any satisfactory statement, and nominated only because of the divided dry opposition." — [Norwich Sun.]

A WEEK OF SUNSHINE.

Fine Weather Until Tuesday Helped Harvesting Throughout State.

The state over, the weather of the past week was fair, except for thunderstorms at the close. With temperature above normal, and abundant sunshine, conditions were very favorable for ripening crops and all seasonal farm work, according to the summary of weather and crop conditions in New York state for the week ending September 28, sent out from the Ithaca office of the weather bureau.

Potato digging and the harvest of grain went forward rapidly while the picking of tomatoes, peaches and grapes was rushed by the warm weather. There is a large crop of Concord grapes, of very good quality. Considerable threshing, cider pressing and plowing were done where time could be spared from harvesting.

The frost of the previous week caused somewhat more damage in northern counties than first reported. The immediate cutting of much silage corn was necessitated, and potato vines were killed in some sections. Damage in the central portions of the state was limited to tomatoes, cucumbers, tobacco and similar tender plants.

HUNTING SEASON OPENS.

Rabbits, Squirrels and Woodcock May Now Be Hunted in Otsego.

Today—Friday, October 1—is the beginning of the hunting season in the state of New York, and beginning this morning the shooting of partridge, squirrel and woodcock, under certain restrictions, is permitted. The following are the more important of the game law provisions, relatives to Otsego and Delaware:

Rabbits, October 1 to March 1. Limit six to one person in one day. Shall not be hunted with ferrets.

Squirrels, October 1 to November 15. Limit, five in one day.

Grouse or partridge, October 15 to November 15. Limit, two in one day. 10 in open season.

English pheasant, last two Thursdays in October and first two Saturdays in November. Only the cock or male bird may be taken. Limit, three in open season.

Duck, goose or brant, September 15 to December 31. Limit, 25 ducks, eight geese, eight brant in open season.

Woodcock, October 1 to November 30. Limit, six in one day; 30 in open season.

Hotel at Morris Opens.

Charles H. Naylor, president of the Morris Fair association, sends information to the effect that Mrs. Gardner has kindly consented to open the Gardner house at Morris during the week of the Morris fair. Mrs. Gardner will be prepared to provide board and rooms for any transients in the village during the fair and doubtless means for any visitors for a single day. The Morris fair usually attracts many visitors from this city and with the state road completed for most of the distance and the balance road for traffic, there will no doubt be many more than in recent years. The fair is always worth a visit, being quite probably the typical agricultural fair of the country.

Oneonta Prize Winner in Binghamton. At the Binghamton Industrial exposition, which began on Tuesday, the first prize for an industrial feat in the floral parade went to W. A. Shafer of Oneonta. His was a floral boat, with shocks of corn, mammoth pumpkin, squash and other vegetables, and sandwiched between them a number of young ladies who, the picture in the Binghamton Press indicates, were among the choicest products of the farm.

ANOTHER PURITY PLANT.

Kirk-Maher Company Purchases Property in Gloversville, Eighth City.

The Kirk-Maher company of Malone, which has rapidly extended during the past year the territory covered by the sale of their special product, Purity ice cream, has just closed an option on a desirable site for their latest ice cream plant, which will be located in the city to Gloversville, thus giving this company an outlet for Purity ice cream in one of the most populous sections of Central New York.

With the establishment of this new plant, the company will have factories in operation in Malone, Plattsburgh, Montreal, Massena, Watertown, Utica, Oneonta and Gloversville. After the negotiations for the property in Gloversville were completed, President Kirk and other officials of the company left for Atlantic City, N. J., where a national display of ice cream machinery is being made and where they will purchase the necessary equipment for the Gloversville plant. The total outlay for this purpose will be \$40,000.

Purity ice cream has become a permanent institution in Oneonta and patrons of the company will be pleased to learn that the fame of the delicacy is spreading rapidly.

DENTISTS TO MEET AT NORWICH.

Semi-Annual Meeting of Sixth District Society Today and Tomorrow.

Today and tomorrow the semi-annual meeting of the Sixth District Dental society will be held at Norwich, for the first time in the history of the society. Meetings are to be held at the Elks' lodge room and doubtless several of the Oneonta dentists, all of whom are members, will be in attendance.

Saturday an elaborate dinner will be served at the Canasawacta Country club, of which Dr. Dunne is president, the afternoon to be devoted to the playing of golf. This tournament gives promise of being exciting and it is presumed the members of the society will enter into the spirit of it as wholeheartedly as they will into the clinic and demonstrations.

Dr. C. F. Baylis, who is planning to attend, will no doubt be one of the participants in the golf tournament.

SLEEPS ANY OLD WAY NOW

"I am 50 years old and never was sick until eight years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about Mayer's Wonderful Remedy. After taking three doses I felt like a different man; before taking it I could not lie on my back nor right side. Now I even sleep any old way. It is a simple, harmless preparation that removes the 'catarrhs' which from the intestinal tract and affects the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will continue or money refunded. On sale at Miller-Strom. Price company and druggists everywhere."

HONEYMOONING IN JAIL

John W. Wilson Sentenced to Auburn; Wife at House of Refuge.

John W. Wilson, alias John Hancock, the Albany man who was arrested in Oneonta this summer a few hours after his marriage to Helen Gilbert, a local girl, was sentenced to not more than two years and not less than one in Auburn prison, before adjournment of supreme court in Binghamton last Monday. Wilson pleaded guilty to a charge of forgery in the second degree, for which he had been indicted by a grand jury, and Justice George McCann passed sentence. This was the second time that he had been arrested for forgery in Broome county.

Wilson first came to the attention of the Oneonta police force last February, when he was arrested for passing a worthless check on J. J. Burke. After getting out of this scrape, he came here again early the last summer, and married Helen Gilbert. The morning after the wedding, Wilson was arrested by the local police for the Binghamton authorities and was taken to Binghamton, where his case was disposed of as noted above.

It will be recalled that Wilson's wife was taken into custody two weeks ago on a charge of vagrancy and was committed to the Western House of Refuge at Albany. Thusly, "Mr. and Mrs. John Wilson" are spending their honeymoon in Western New York.

Social Club Largely Attended.

Considering the inclement weather, there was a large attendance at the meeting of the Social club of the Chapin Memorial church held last evening, with Miss Maud Gaylord, Miss Curtis, Miss Hall and Mrs. Copeland as hostesses. Early in the evening, a bountiful supper was served to which all did full justice. This was followed by a very interesting entertainment, the feature of which was a historical sketch prepared and read by Miss Gaylord, who was principally responsible for the organization of the club seven years ago and who has been greatly interested in its progress. Her sketch was a surprise to the ladies and was listened to with keen interest. Games and social intercourse added to the pleasure of the evening.

I will be at my farm four miles from Oneonta on the state road towards West Davenport for one week. Anyone wishing sweet cider, come with your dishes, at 30c per gallon. I have one 48 and one 52 gallon barrel at 50c per gallon delivered. Stewing apples, 75c per bushel. Winter apples, hand picked, \$1.00 per bushel. Pears at \$1.25 per bushel. Fresh cows, also October and November cows and a few spring cows milking fine. F. H. Bouton, 52 Dietz street, Oneonta, phone 862.W.

No worry about dessert problems in the home where Baker's certified flavoring extracts are used. 6c

For Sale—Hand-picked pears. Inquire 15 Spring street. Phone 377-32. 3c

A SEPTEMBER WEDDING

Miss Carol Stewart Becomes Bride of Howard Clark Smith of New York.

Many Relatives and Friends Witness Impressive Ceremony — Mr. and Mrs. Smith Will Reside in New York.

Miss Carol Fairchild Stewart, only daughter of Mrs. James Stewart of this city, was married at five o'clock yesterday afternoon to Howard Clark Smith of New York city. The wedding was at the Stewart home, 2 Ford avenue, in the presence of about 125 relatives and immediate personal friends of the groom and bride. Rev. H. A. Forde, rector of St. James' Protestant Episcopal church, was the officiating clergyman, the impressive double ring service being used. The bride, who was attired in a gown of white lace, with tulle and lace trimmed hat to match, and who wore a corsage bouquet of bride's roses, was unattended. Dr. Judson Smith, a brother of the groom, was best man, and the bride was given away by her brother, Hugh Ford Stewart of Los Angeles, Cal. James and Clara Stewart, nephew and niece of the bride, were ribbon bearers. The wedding march from Wagner's "Lohengrin" was played during the ceremony by an orchestra conducted by Miss Elizabeth Marshall, which also furnished music through the evening.

The marriage took place in the spacious drawing room of the Stewart residence, in front of the mantle banked with hydrangeas and gladioli and with a background, as was the case throughout the house, of ferns and autumn leaves. Other decorations were of pink rosebuds and white chrysanthemums, and all were tastefully arranged by Wyckoff, the florist.

Following the ceremony and congratulations, a delicious wedding supper was served, which was a triumph of the culinary art of Mrs. Lettie Castelle as cateress, and at a later hour Mr. and Mrs. Smith, dowered with best wishes and showered with confetti, left by auto on the first stages of their wedding journey. After November 1 they will be at home in New York city.

The wedding gifts, which were numerous and valuable, included much solid silver, art glass, china, linen, etc., and a substantial sum in gold, coin, bank notes and other evidences of value.

The bride, who is a native and to this time a life-long resident of Oneonta, is one of the best known and most esteemed young ladies of this city. A charming young lady with any attractive qualities of mind and heart, she is withal an accomplished musician, and during the war she gave freely of her talent at the hostess' house for the entertainment of the wounded soldiers in the convalescent hospital at Cooperstown. It was while engaged in this willing labor of loyalty that she met Lieut. Smith, then suffering from wounds received five days before the armistice, and from this meeting developed the friendship which grew to love and yesterday culminated in their marriage.

The groom, who is a son of the late Dr. Judson Smith of New York, was a student of Harvard university at the beginning of the war but left school in 1916 to enter the aviation service. He began training at Newport News, but was afterwards on many aviation fields as student and instructor before being sent abroad. He was instructor in Italy, and afterwards in the field service of the aviation corps where he brought down three planes and an enemy balloon before receiving, just at the war's end, the serious wound in his shoulder which ended his activities as a flier. He is now with the firm of Blythe, Witter & company, a leading stock and bond house in New York city, which has many branches throughout the country and on the Pacific slope.

Residents of Oneonta, who have known the bride for her earliest childhood, will congratulate the groom on the rare good fortune which in this marriage has befallen him, and to both they will extend heartfelt best wishes for a long and happy married life.

Among the numerous guests from out of the city—and in this list are included six young men who were his associates abroad as members of the 11th Flying squadron—were the following: Mrs. Herman Stutzer and the Misses Elise and Helen Stutzer of Brooklyn; Lieutenant and Mrs. Marvin Lingrove of New York; Judge and Mrs. A. J. McCarty, Mr. and Mrs. Ward Ford, Miss Harriet Stewart Ford and Mrs. Hadcliffe Lockwood of Binghamton; Mr. and Mrs. J. Walker McSpadden, Miss Florence McSpadden and Mrs. Lester Raglier of Montclair, N. J.; Mrs. Harrison Beatty, Master James Stewart, Miss Clara Stewart and Rev. and Mrs. Yale Lorr of Canadilla; Monsieur and Madame VanDeZande, New York; Mrs. Robt Mackie, Newark, N. J.; Mr. and Mrs. William T. Hyde, Miss Hyde, Mr. and Mrs. Deputyster Townsend, Miss Townsend and Master James Townsend, Cooperstown; Mrs. Martha L. Smith, Hudson Falls; Dr. and Mrs. Judson Smith, Boston, Mass.; Mrs. Delta Fursman, Miss Louise Fursman, Mr. and Mrs. Arthur Bell, Floral Park, Mr. Marcus Allen, Hudson Falls; Robert McCann, Chicago, Ill.; Jerome Preston, George W. Leebor, Frederick Ordway, New York city; Howard deHart Casle, Rochester; Mrs. Emma Robinson, Mrs. Emma Tilton, Worcester; Mr. and Mrs. George Rounds, Troy; Joyce Card, Louisville, Ky., and Albert Spears, Newton Center, Mass.

A morning blessing, a midday solace, and evening benediction—and the logical accompaniment to every meal—Osage coffee. It's the coffee with that tantalizing aroma and that delicious flavor. 5c

LIBRARIES ON WHEELS

A great part of rural America is without public library service, and because of this the American Library Association, in an effort to create a better citizenship is urging the wider use of book wagons in country districts. This picture shows the interior of a book wagon used in Maryland, and the type of traveling library used in Pennsylvania and Ohio.

If you use
Margarine—
get the best

The Company announces the inauguration on October 1st, 1920, of a merit system for its motormen and conductors.

The system will enable efficient men to earn a cash bonus every three months; on the other hand if a man received sufficient demerits, and has insufficient merits to his credit he becomes a candidate for discharge.

Motormen and conductors are presumed to be able and willing to perform a certain amount of service. If one falls short of rendering what is due, one or more demerits will be entered against him; if he does more than may be reasonably expected or acts creditably in any emergency or strives generally to promote the interests of the Company he will receive credit for it.

The patrons of the Company are invited to co-operate with the management in trying to improve the service and retard the increasing operating costs by advising the undersigned of acts that come under their observation which deserve merits or demerits.

YANKEES IN DANGER

Many Have Close Calls in the Turkish War Zone.

Bullets of Bandits, British and Greeks Keep Americans on the Jump.

Constantinople.—Many Americans have had narrow escapes in the fighting which British and Greek troops have kept up for several weeks with the bandits which are harassing the eastern shore of the Bosphorus. Belos, a summer place ten miles north of this city reached by hourly ferry service, has been the chief center of the fighting between bands of adherents of Mustafa Kemal Pasha, nationalist leader, and the British-Greek soldiers operating under the artillery protection of British warships.

An American oil company is erecting two great steel tanks at Belos, which came well within the line of fire between the rival forces. The steel riveters were compelled to flee for their lives and for several days bullets played a tattoo on the tanks, which was nearly as constant as the time of the riveting machines. Many Americans were in summer camps and cottages in the vicinity of Belos the night the fighting began, but they speedily moved to the western shore of the Bosphorus, where it was possible for several nights to watch the fighting on the Anatolian hills by the light of the naval rockets and searchlights used in directing the gunnery.

Robert College and Constantinople College for Women, the two American institutions of higher learning on the Bosphorus, both commanded an excellent view of the struggle and were safely out of range of the nationalist bullets.

Prof. F. W. Kelsey of the University of Michigan was prevented by the fighting in Anatolia from making a survey of the famous battle fields of Caesar, south of Samosata. Professor Kelsey has been in Turkey for many weeks investigating old manuscripts and studying ruins of the Roman civilization.

He hoped to make the trip from Samosata to Zila, about which one of Caesar's best-known campaigns was waged, and had made all arrangements for motor transportation. But the unsettled political conditions and the activities of the various bands forced him to abandon the expedition.

Britain Making Gun to Shoot 20 Miles.

A "super-Big Bertha," which will have an eight-inch projectile 50 miles, is being completed at the Vickers works in Sheffield, Eng., according to the lord mayor of that city. The gun is 80 feet long.

Chase Bank Robbers in Airplane.

The use of an airplane to follow bank robbers, who usually flee in high-powered automobiles from the scene of their activities, is being seriously considered by the police of Kansas City.

CAUSE OF IMPURE BLOOD

Your Doctor Has The Best Remedy.

It has been truly said that the seat of most disease is in the blood; and that, if the blood is pure, the body is healthy. It is a well-known fact that the blood is the life of the body, and that it is the blood that carries the life-giving force to every part of the body.

Whatever the cause, the best remedy known is Vichy, the old liver and stomach tonic, blood and body-builder. Vichy is not a patent medicine as so many of the "cures" are, but a natural mineral water, and it contains the elements needed to create the blood, enabling it to carry strength and vitality to every part of the body. Vichy is the best remedy for impure blood.

ODD CONTESTS, OLD AND NEW

Belgium Cock-Crowing Matches and English Lark-Singing Contests—Turtles in Exciting Races.

From the dawn of time man has delighted in contests, whether between individuals who march their strength and skill, or between animals.

Some of these contests are decidedly quaint, or, for instance, the cock-crowing matches of Belgium, where specially bred and trained fowls are matched to see which will crow the greatest number of times within a certain time limit.

The lark-singing contests of England are far more musical, these contests being promoted and conducted by an association having a good membership. The birds are kept for some time in a dark room, and then placed before a mirror in the light, imagining his own reflection to be a rival, the bird at once bursts into song, a careful record being made of the length of the song.

There used to be in Hamburg a famous collection of wild animals which included a number of giant tortoises, each weighing several hundred pounds. Children would mount upon the backs of these strange steeds, and, holding a lettuce leaf on the end of a stick just beyond the reach of the tortoise, coax them into an amusing race toward a fixed goal.

Much more exciting are the turtle races which may be witnessed in some of the South American countries. Turtle fishers select a number of the great sea turtles, and, attired in bathing costumes, mount their backs, grasping the forepart of the shells with both hands. The turtles are then released and at once make for the sea. Ordinarily the turtle would plunge with his rider to the bottom of the sea, but this the jockey would prevent by throwing his weight on the back part of the shell and at the same time pulling the forward part up with his hands, which keeps the animal's head above the surface. By pulling the shell to the right or left, the rider is able to guide his mount, and a circle is made about a boat anchored off shore, and so back to the starting point. These turtles cover a course of eight or nine miles in an astonishing short time.

In Slam is found a particularly warlike fish, and fish fighting is almost a national sport in that country. When a contest is to be staged, two of the fish are placed in a large glass bottle, and these natural gladiators do the rest.

Infinite Variety at Geneva.

Those who had the rare pleasure of looking in on a plenary session of the international woman's conference at Geneva were, in a few instances, unconvinced that out of such a variegated group unity of action and opinion could be possible. Writes Alice La Maziere in Figaro. There were delegates from all parts of the world—blonde and heavy Scandinavians, robust and energetic Americans, frail and brunette Spaniards, Italians and Greeks, expressionless and saffron-colored Japanese and Hindus in over-embroidered gowns. And there were Frenchwomen despite the fact that though France has marched at the head of so many movements of emancipation, it will be a long while before she enfranchises her daughters. And we must not forget the delegate from Iceland, who journeyed for 30 days to be with us and came dressed in festival costume.

But Lady Astor, our good colleague from England, was the charm and grace of the conference. What will come of it all? Notwithstanding the opposition the women are meeting in certain countries—Spain, Italy, Switzerland, Turkey, France—the day is not far distant when we will act as a body in moral, political, educational and domestic questions. And our voice shall be heard when the specter of war threatens to arise.

The War Horse.

Mud-spattered, high power motorcars, careering along military roads, replaced foam-flecked chargers in the work of carrying generals and their staffs in the World war when it came to the actual business of a campaign. No panting charger carried a Wellington from a town 20 miles away—a motorcar did the work in 20 minutes without exciting comment. But the horse was not entirely robbed of his glorious place in the war. Motorcars might do the work better in actual campaigns, but when it came to the pomp and panoply the horse was not entirely robbed of his glory. An army headed by a far general caddled in the deep upholstery of a mere machine would not stir the imagination. He must sit on a prancing, arch-necked steed and return the cheers with sharp salutes while handing his mettlesome mount. So it was that the high officers of the allies had horses for ceremonial occasions.

Warning to Airmen Who Smoke.

An airman who drops a lighted pipe from his plane is responsible for any damage his pipe may cause. This was decided at a moot, or discussion, in Gray's Inn hall, London, recently, at which Justice Darling presided.

Mr. Justice Darling, in the course of his judgment, said that for an airman to take a lighted pipe and smoke it when flying at a point where if it fell it would fall by gravitation to the earth, instead of to the moon, to allow it to fall or not to prevent it to fall—that was in itself prima facie negligence. If the pipe fell to earth and set fire to a haystack or did any other damage, the person injured was entitled to an action to recover damages for negligence.—Brooklyn Eagle.

Largest Pin Factory.

The largest pin factory is in Birmingham, England, where something like 50,000,000 pins are manufactured every working day.

Corals.

Genuine coral may be red, pink, white, blue, yellow, green or black, the last being the rarest and most highly prized.

BRAZIL WILL BUILD HOMES

Shortage of Houses in Rio de Janeiro to Be Relieved by Government.

Rio de Janeiro.—Both federal and municipal governments are about to take action to relieve the shortage of houses here.

In the chamber of deputies a bill has been introduced providing for a special bond issue of \$50,000,000 for the construction of houses for working families. In the municipal council a measure was presented providing that all workers' houses built in the next two years be free from the usual municipal taxes.

The federal bill proposes the construction, under the municipal administration, of 20,000 houses in various districts of the capital wherever publicly or municipally owned ground is available. It is intended that the houses shall be sold to heads of working families, payment being spread over a period of twenty years. In addition, the bill provides for the construction of two huge apartment houses, for families and for school children respectively, with common kitchens and other communal installations, the rent being placed at a very low figure.

Home Surroundings Count.

A house is depressing or cheerful. Walls, woodwork, rugs, draperies, furniture, pictures, ornaments enter into the color scheme of the rooms and a discordant note among any of these will destroy the unity of the whole house or building. Colors must be balanced just as forms are.

Facts are the First Requisite.

Facts are to the mind what food is to the body. On digestion of facts depends the strength of the one, just as on assimilation of food depends the vigor of the other. That man is wisest in council who has digested the largest number of facts.

The Cry For Lower Prices

Has Had a Decided Effect Upon the Manufacturing Market

FIRST—It caused the manufacturer to re-figure his product and offer to sell same at a close margin of profit.

SECOND—Stocks already finished had to be disposed of at any price, regardless of cost.

Here's where Mathews' New York Buying Organization

Was offered an opportunity to make a showing.

And The Result Is—

That the best and most desirable models of prominent concerns were selected and purchased at lower than wholesale cost.

NOW---All These Splendid Values

Are offered here at prices astonishingly low.

Compare These Values

And judge for yourself. We are confident that your decision will favor:

Ladies' Suits

Large assortment of up-to-date styles in the most desirable and newest material—
From \$25.00 up

Ladies' Coats

A variety of styles, fur trimmed, plain, in heavy and medium weight materials.
From \$22.50 up

Ladies' Dresses

Abundant display of models: headed, embroidered and plain tailore: in all leading materials.
From \$18.50 up

Ladies' Skirts

Finest quality Serge and Plaids: plain tailored; box plaited and accordion plaited.
From \$7.98 up

Waists and Blouses

The most magnificent collection of designs, embroidered and well tailored: all shades; Georgette and French Voile.
From \$3.98 up
